Time: 3 horas

Type of walk: circular

Difficulty: medium-high

Type of walk: mountain

There are many different paths for reaching Gorbea Mountain. Murua is just about 30 minutes by car from arganzón PLAZA, from where we suggest you to go up. It is the quickest way at the same time as the steepest!

We will drive till Murua, going out from La Puebla de arganzón towards Vitoria-Gasteiz. After we will change towards Bilbao direction taking the road N-622, till the exit "Gopegi". After this Murua will be indicated.

When arriving to Murua we follow the sign for the natural park taking keeping to the road on the left when reaching the village. In Murua there is a sign indicating a possible path to go up to Gorbea, which you are welcome to do. However, our proposal is to continue on straight some more kilometres till you get to a car park on the left side of the road with a large informational sign about Gorbea. This is the starting point. The path is very well indicated all the way to the top.

Enjoy the views!
